REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the prior art of record does not anticipate or render obvious the claimed compounds, pharmaceutical composition or method of treating hypertension therewith. The prior art compounds that are closest in structure to the claimed compounds are disclosed in Rosentreter et al. The compounds of claim 6 (and claims dependent thereon) differ from the compound of the reference in that the reference does not disclose compounds wherein V is 0 and t is absent. The compounds of claim 7 (and claims dependent thereon) differ from the compounds of the reference (Examples 131 and 132 in that n is 1 to 3 in the claims but is 5 in the reference compounds. The reference provides no motivation to modify the compounds disclosed therein to arrive at the claimed compounds.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
